About Shen Yun

Based in New York, Shen Yun Performing Arts, a nonprofit organization, is the world's premier classical performing arts company dedicated to reviving 5,000 years of Chinese civilization.

In ancient times, China was called Shen Zhou, “the Land of the Divine.” Shen Yun, carrying this divine heritage, can be translated as “the beauty of divine beings dancing.” Established in 2006 in New York, Shen Yun aims to revive the authentic Chinese culture that thrived before communist rule. The company's rich repertory is drawn from historic Chinese legends as well as modern heroic tales, Eastern philosophy, and universal themes about the world around us.

Shen Yun has expanded from a single dance company to six companies during the past 12 years. In the upcoming 2019 season, Shen Yun will perform in over 120 of the world's top venues, reaching an estimated 1.3 million audience members in attendance. Each company comprises some of world's foremost classical Chinese dancers and tours with its own full orchestra.

A Global Sensation

An unmatched theatrical experience

The grandeur of ancient Chinese civilization is brought to life by more than 80 artists, 400 handmade costumes, a full orchestra, and integrated digital backdrops. Packed with action, drama, beauty, and humor, Shen Yun takes the audience on a journey to experience the wisdom and virtues of a civilization 5,000 years in the making.

Authentic Chinese, made in America

Based in New York, Shen Yun's artists enjoy freedom of expression in the United States, where they have the freedom to create and perform, to rediscover their lost heritage, and share it with the world. The entire production is made in America, and performances like Shen Yun cannot be seen in China.

Inspiring and uplifting energy

In ancient China, artists believed that to create true art, they must not only master their craft but also cultivate goodness and inner purity. Today, Shen Yun's artists carry on this noble tradition, transforming each show into a night of inspiration. You can see this positive energy in the genuine joy with which these artists perform, and feel it long after the curtain falls.

Brand new program each year

Shen Yun creates an entirely new production every year, delighting its audiences with new choreography, stories, costumes, music, and interactive backdrops. The scale of the artistry involved demonstrates Shen Yun's commitment to the audience as well as to reviving the rich and diverse Chinese civilization.
